Subject: Re: Anacostia Trash TMDL - Draft Status Report to Court - Requesting Comments by 6/4/18

Hello -

The following are brief comments from MDE:

1. Lee Currey requests the following:

Take "periodic" out of the sentence in first point of Status Report. Instead, say "EPA will have regular communications with MDE and DOEE."

2. In my notes from the call, I had that we would consider creating a workgroup. This could be added as a fourth item, if desired.

Thanks,
Anna

Hi Everyone,

Thank you for attending the call on May 9th. As part of the next steps, I'm forwarding the draft status report due July 2, 2018 per the court's March 30, 2018 order. Please review the draft status report and send comments by **COB Monday June 4, 2018**. As discussed on the call, I'm also forwarding letters from states requesting EPA to establish a bacteria TMDL for the Ohio River. These can be used as examples for Maryland and the District to consider in preparing letters requesting EPA to establish the revised Anacostia River Trash TMDL. We can schedule a conference call to discuss further if needed. Please let me know if there are any questions or if additional time is needed. Thanks, Jen
